INTRODUCTION

Bennett University

CGPA - 7.78

B.Tech CSE student passionate about software development, cloud technologies, AI/ML and DevOps.

EXTRACURRICULAR ACTIVITY

Virtual IT intern: CodSoft [Verify](#)

Participation(BioTech Hackathon): conducted by Manipal University [Verify](#)

Participation(Microsoft INNOVATE Hackathon): conducted by Microsoft in Bennett University. [Verify](#)

SOFT SKILLS

Communication Skills: Clear written and verbal communication, Active listening

Teamwork and Collaboration: Working effectively in group projects

Creativity: Thinking of innovative solutions

Leadership: Taking initiative during team tasks or hackathons

PROJECTS

AgriGuard

- AgriGuard leverages Google Gemini 1.5 Pro Flash to provide farmers with real-time AI-powered crop disease detection and insights. [GitHub](#)

Helios

- AI-powered platform for vehicle monitoring, OTA management, and autonomous analytics. Powered by Next.js, FastAPI, PostgreSQL, Kafka, PyTorch, and Kubernetes. [GitHub](#)

LectureLens

- LectureLens converts educational videos into interactive, AI-driven learning experiences with structured insights and personalized assistance. [GitHub](#)

RESEARCH AREA

Fraud Detection using NLP |

June 2023 – December 2023

- * Fraud detection involves identifying fraudulent activities in financial transactions, emails, and messages.
- * Banks and financial institutions need automated fraud detection due to the high volume of transactions.

Unveiling the core of DevOps |

August 2024 – November 2024

- * Key components of DevOps, Benefits of DevOps
- * Cultural aspects of DevOps, DevOps and Agile Integration, DevSecOps (Security in DevOps)

TECHNICAL SKILLS

Languages: Java, Python, C++, JavaScript, Typescript,

Frameworks: React.js, Next.js, FastAPI, Tailwind CSS, Node.js

Developer Tools/Cloud: Git, Docker, Azure, VS Code, AWS CI/CD, Docker, Kubernetes, Terraform, Kafka

Databases: PostgreSQL, MongoDB, Redis

AI/ML: LLMs, RAG, Gemini, LangChain, Ollama, PyTorch, YOLO

CERTIFICATIONS

AWS Cloud Practitioner- 311c552b28254b70b053b506c117a5a9 [Verify](#)
